

## **Salaried GP with a view to partnership - Loxwood Medical Practice**

4 to 6 sessions

We are currently seeking a new GP to join our friendly team. Loxwood Medical Practice is a small rural dispensing practice on the West Sussex / Surrey border with a growing list size of around 5,800 patients. Our clinical team includes three full-time partners and a nursing team which includes two nurse practitioners who see minor illnesses and undertake extended roles in chronic disease management. We have a long established team with low staff turnover.

- Highest patient satisfaction ratings in Horsham District two years running
- High QOF achievement
- Training practice for GPs, paramedics, medical students and sixth form work experience
- Lead practice in local practice group and community network
- Supportive learning environment for all staff
- On-site provision of minor surgery, contraceptive services and joint injection
